Incube Ltd

NEW WEBSITE!

Our fantastic new look website is now online, packed with all your favourite products, inspiring case studies and online brochures. Why not check it out?

? YOUR CHOICE

Most of our products are made to order and you can customise them to your own specifications.

So, wherever you see the YOUR CHOICE logo, make sure you pick your requirements and add them to your order details.

FREE DELIVERY FOR ORDERS OVER £250

Any order over £250 includes free palletised, kerbside delivery. Please note this is a no frills service and the driver will not offload the pallet or carry goods indoors. If this service is not suitable for you we can provide quotations for other options. Please see page 50 for full details.

BESTSELLER BARGAINS

Our Bestseller Bargains are a handpicked selection of our most popular items which we are offering at a reduced price to help you maximise your budget.

The special price is only available for the sizes and colours shown here and by quoting the code BB19 when ordering.

For other colours and options please see the main product pages.

BRINGING THE OUTSIDE IN

Woodland and natural themes are always popular choices for design schemes in schools. Here are some of the inventive ways we have helped schools to create an outdoor feel within their library space.

CREATE THE LOOK YOURSELF WITH OUR FAB PRODUCTS OR CONTACT US TO DISCUSS A BESPOKE DESIGN

1 GIVE YOUR ROOM A FOCAL POINT

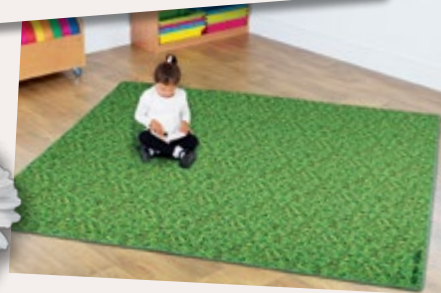

A bespoke statement piece adds impact to your scheme.

2 GO GREEN

Artificial trees and foliage create a visual link between indoor and outdoor spaces.

3 CREATE AN INDOOR LAWN

Carpet an area in artificial turf, or lay a rug that looks like grass for a less permanent solution.

4 KEEP IT SUBTLE

Rather than trying to create a realistic forest, stylised shapes and vibrant colours keep things fun and funky.

5 USE THE WALLS

Accentuate the theme with graphics and wall displayers.

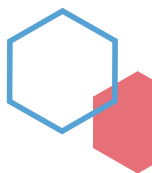

6 BRING IN YOUR BRANDING

Many schools have trees, leaves or flowers as their logo. A strong shape from the logo makes the room part of a scheme that can continue throughout the school.

BOOK TREES

Create a forest of learning with these fantastic tree shapes that look effective used individually to create a focal point or grouped together for maximum impact.

SMART POD

Have you ever wished you had more space in your school, but the inconvenience and cost of building an extension means it's just not an option? Then consider one of our amazing NEW exterior rooms.

We have teamed up with **Smart Pod** to bring you 3 specially designed pods to suit a number of different purposes. At a cost of £25,000 each (ex VAT) for a complete pod, they are excellent value for money and are a quick and cost-effective way of creating an amazing new space that will last for years to come.

KEY FEATURES AND TECHNICAL DATA

- Full turnkey service from site survey & design to build & delivery
- 10 year structural warranty
- 35+ years life expectancy
- 5 year furniture guarantee
- Available to purchase, lease or rent (finance available)
- Building regulations and planning permission compliant
- UK manufactured & delivered within 4-6 weeks
- Choice of external and internal finishes
- Standard or bespoke design and sizes
- Supplied with all required service connection points
- Delivered fully built or assembled on site
- Unfurnished Smartpods are available

OPTION 1: THE LIBRARY POD

An amazing library can improve your OFSTED rating by helping you to achieve your literacy objectives. This is the ultimate Instant Library, kitted out with Incube's **Fabulously Funky Furniture** as shown.

OPTION 2: THE INTERVENTION POD

Sometimes, children need a bit of extra help and it can be difficult to find a quiet, safe and discreet space in a busy school. This inviting Pod could be the answer. It is kitted out with Incube's **Fabulously Funky Furniture** as shown.

OPTION 3: THE BREAKOUT POD

Breakout spaces are an increasingly important part of a school's learning environment, enabling small group teaching or informal discussions to take place, as well as collaborative working. This versatile Pod is kitted out with Incube's **Fabulously Funky Furniture** as shown.

All £25,000 each including furniture

Please contact the office for further details on 01889 271523

NB: Groundworks, delivery and installation will be quoted separately Other designs are available but will be quoted on an individual basis.

REVOLVE SEATING, SHELVING & IT DESKS

Revolve is a fantastic and versatile range of furniture that can be used to create endless configurations and combinations, allowing you to tailor your space to suit your individual needs.

To help you get started quickly and easily you can opt for one of our great value preconfigured packs.

REVOLVE DESIGN KIT

If the packs don't quite meet your requirements (or if you are feeling creative!) why not call us for a Revolve Design Kit?

Just look at what you can achieve by mixing and matching seats, shelving and IT desks. Revolve can help you create your perfect space - all it takes is a bit of imagination!

To assist with planning your library, CALL US ON 01889 271 523 to request a Design Kit. With a scaled grid and cut-out templates, it is easy to work out the best layout for your room.

COLOURFUL CLASSROOMS

Transform your school with our stunning and versatile classroom furniture, including mix and match storage, desks, tables and chairs. This range offers a cost-effective way for schools to create a really bright and child-friendly learning environment.

WIGGLE SHELVING

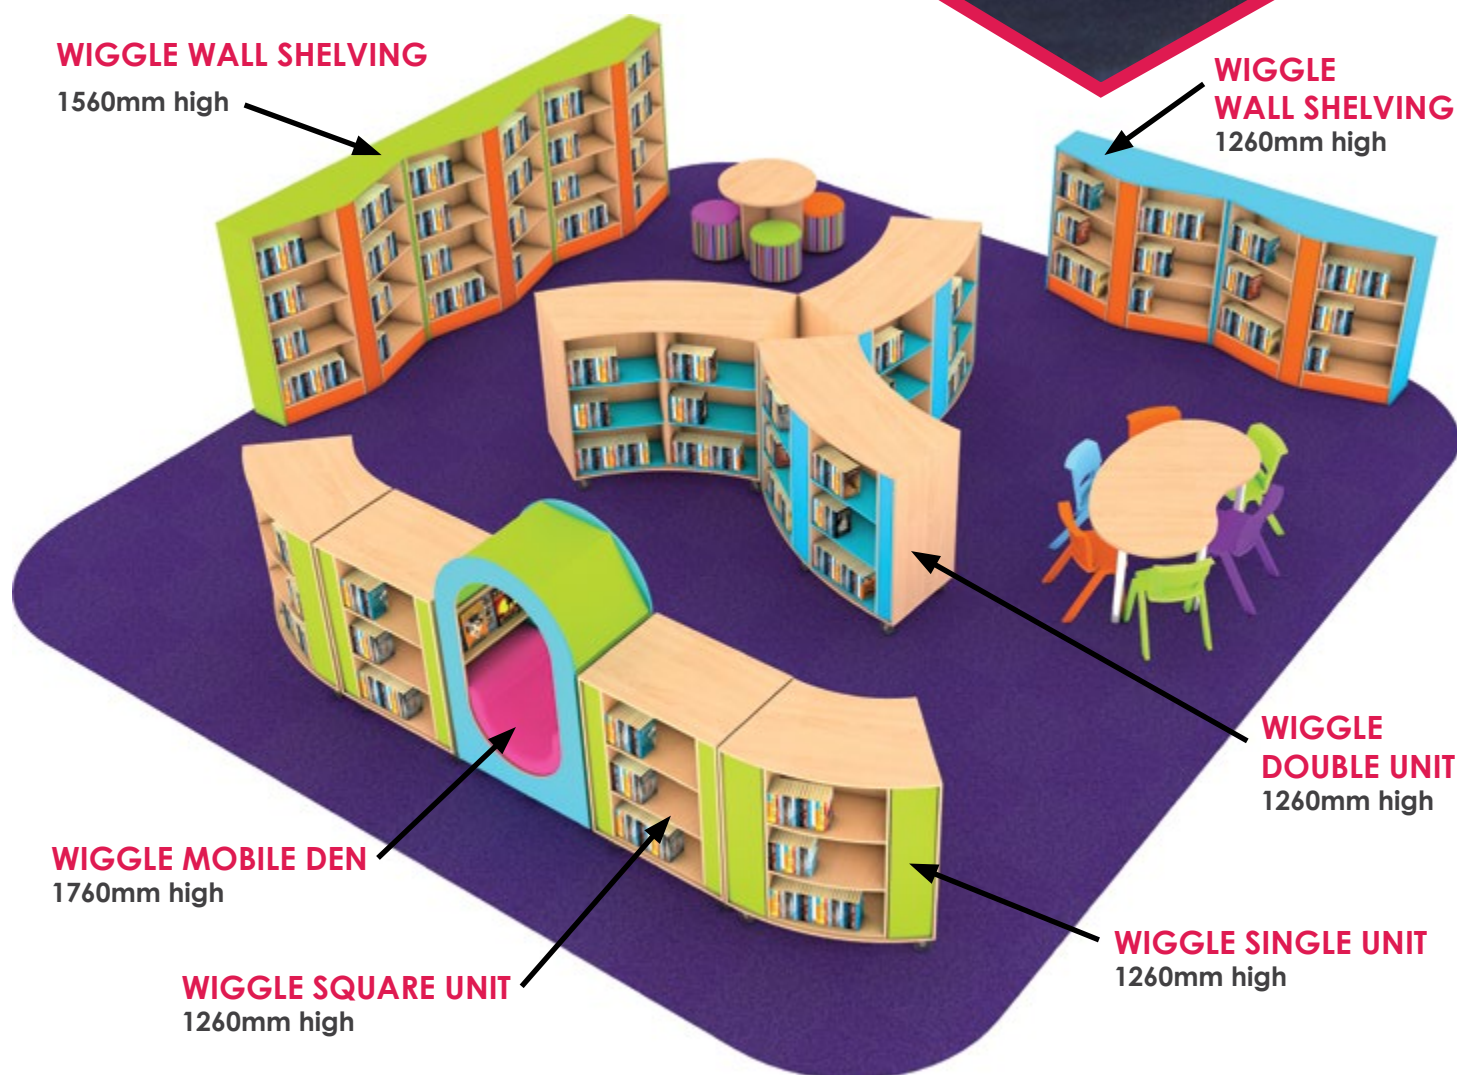

Our Wiggle family has grown! We have added a smaller curved mobile unit and a straight mobile unit to the popular range, giving you more choices and greater versatility. The tighter radius on the single curved unit allows you to create interesting shapes even where space is limited, whilst the square unit makes it easier to section off zones in your room for a truly flexible scheme.

BORED WITH YOUR LIBRARY?

Simply move units around for a different look!

Whether they are used on their own or in conjunction with round tables, rugs or reading circles, Wiggle units add shape and interest to any space.

WIGGLE SHELVING

Our ever-popular range of curvy mobile book units creates the ultimate flexible learning space. Also available as wall units with the signature contrast coloured verticals.

FRONT

BACK

MOBILE DEN

Children will love clambering inside this super-funky den to settle down with their favourite book. With a scoop seat and interior shelving, it has everything needed to create the perfect little cosy reading nook. Best of all, the sturdy lockable castors mean that it can be moved around and relocated if required. It can also be used alongside the Wiggle range.

SHELVING

With a range to suit every budget and taste, all of our shelving is available in a choice of sizes, styles and colours. All shelves can be used flat for standard spine-on storage or flipped over to a slanted position for face-out display.

QUALITY ASSURED

Units are manufactured from 18mm MFC with 2mm thick PVC or ABS edging.

5

YEAR GUARANTEE

All of our shelving comes with a 5 year guarantee.

BLOC

SMART SIMPLICITY

Create a simple, modern and uncluttered feel with straight sides and clean lines.

ARCO

COOL CURVES

Stylish units with rounded side panels add wow factor to your scheme.

PROFILE

ENDURING ELEGANCE

An eye-catching sweep of contemporary curves gives your room a high-end designer feel.

i COMMON FEATURES

Customise your shelving with header panels and optional graphics.

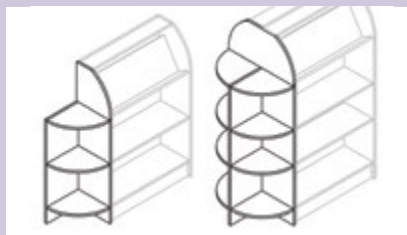

Make double-sided units mobile with a sturdy castor base for added versatility.

Need extra space to display larger picture books in a child-friendly way? Add Drop-In Kinderboxes to your units.

Add-on bays reduce the cost if you want a straight run of shelving rather than stand-alone units. Please note that add-on units can't be used on their own – they need a starter unit to fix onto!

Shaped end displays add interest.

Please note that double-sided end displays can't be used on units with castors.

i

All our shelving ranges are available in 1200mm and 1500mm heights.

All ranges come in an array of vibrant colours as well as Beech and Gloss White*. See page 51 for swatches.

Shelves are adjustable and reversible at 32mm increments.

All shelving is sent flat-packed. Full assembly instructions provided.

*Gloss White £5 extra per unit.

£2,395**

**3965mmW x 2900mmD
x 1500mmH
£2,750**

? YOUR CHOICE
1 board colour

IMPORTANT

- Units are made to order so please take care to measure your space accurately as we cannot accept returns if the units do not fit.
- Prior to installation, ensure that the wall where the units are to be located is free of radiators, windows and columns. Cappings have a 40mm overhang to allow for skirting only.
- These units can be installed by a competent caretaker or handyman but if you are unable to arrange in-house assembly, please contact us for a quote for Assembly and Installation.

BLOC PACK 3

A budget solution for schools who want to quickly transform an empty corner into something really special. Must be fitted against walls into a corner.

2153mmW x 2153mmD x 1500mmH

FREE NATIONWIDE DESIGN SERVICE

We believe that libraries and classrooms should be inspirational and fun places that will fire the imagination, nurture a love of reading and create a life-long passion for learning.

Our expertise will help provide all the essentials in your room schemes to make these goals a reality.

If you are looking for a full fit, we can help you to create your perfect space with one of our award winning designs. However, we are always happy to offer advice and guidance via phone or email for smaller projects or schools who have existing furniture that they want to add to.

**AWARD
WINNING
DESIGNS**

HOW IT WORKS

**STEP
1**

SPECIFY YOUR REQUIREMENTS

You can call us to arrange a Design Consultant visit. They will take full on-site measurements and photos and discuss your brief and requirements with you in detail.*

Alternatively (in particular if you are outside of our coverage area) you can provide your own site measurements or architect plans and information via email. We can give you guidelines on how to do this. www.incube.ltd.uk/site-survey

**STEP
2**

FINALISE YOUR UNIQUE DESIGN

Our specialist Library Designers will produce a tailored drawing based on your budget, the size of your room and your wish list, including a plan view and full 3D images.

You can discuss this with them, tweak it until it is perfect and once you are completely happy with your scheme, colours and costs we will make it for you!

**STEP
3**

FIT OUT YOUR NEW SPACE

Depending on the best level of service for you, we will arrange delivery and installation details with you.

Installation can be completed by our own fitters throughout the UK or you can use your own team. If you opt for self installation, we can specify easy-to-assemble products in your design to help you.

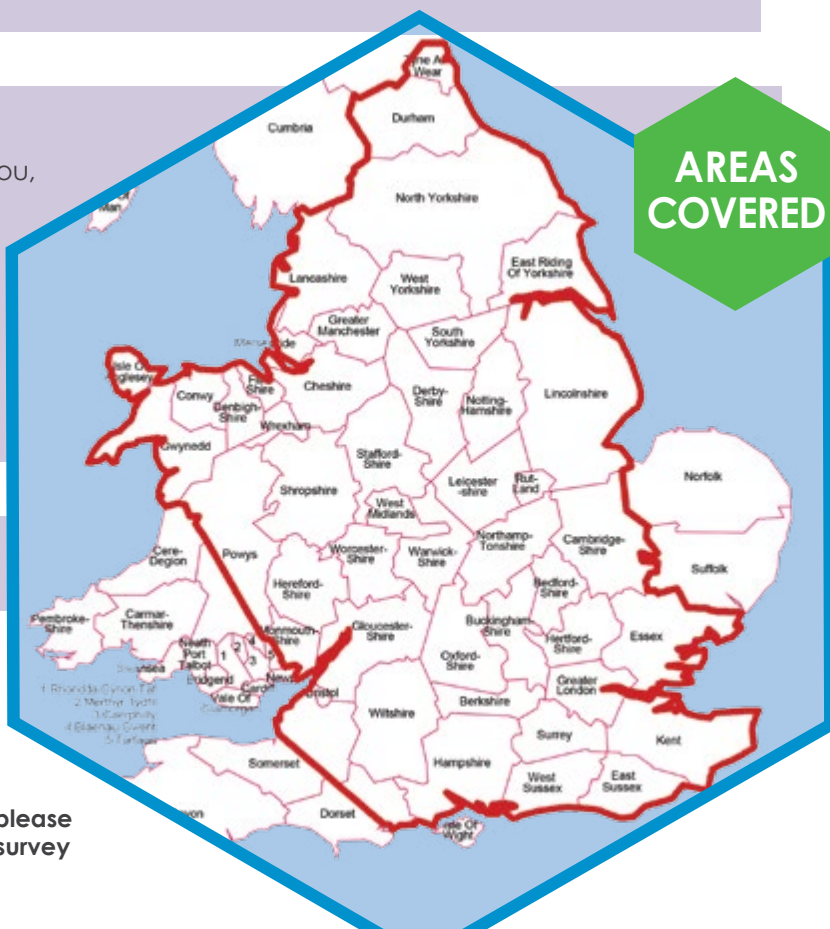

**STEP
4**

ENJOY YOUR BRAND NEW LIBRARY!

*PLEASE NOTE: Survey visits are only available for full refurbishments and refits. If outside area shown on the map, we can provide a design if you send in your own site survey or architect's plans.

For further information on creating your own survey, please call for information or go to: www.incube.ltd.uk/site-survey

**AREAS
COVERED**

WHICH DESIGN SOLUTION?

Whatever your budget and wherever you are located, our award winning design team can help create your perfect library, classroom or other spaces.

INCUBE COMPLETE

What do you get?

A bespoke design drawn by one of our specialist designers. We can show you the top-end aspirational version of your room or alternatively we can keep costs down whilst still creating a look that has wow factor.

Who is it aimed at?

- Schools with a medium to large budget
- Schools that have a large room
- Schools that have an extensive wish list
- Schools that want something a bit different and more bespoke
- Schools with a room that needs to fulfil many functions

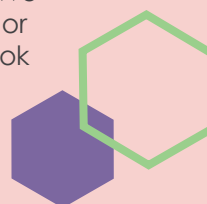

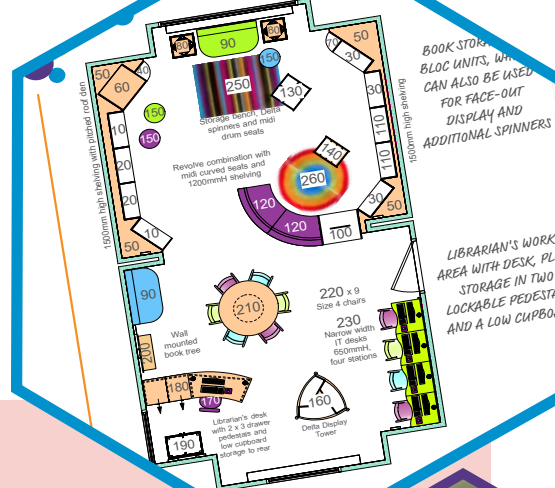

INCUBE OPTIONS

What do you get?

A design drawn by us based around standard catalogue items to give you the option of installation by your own team.

Who is it aimed at?

- Schools with a small budget, especially those located a distance from us
- Schools that need to fit a library into a small space
- Schools that want to add furniture to an existing scheme
- Schools that do not qualify for a consultation visit

WHAT IS INCLUDED?

- | WHAT IS INCLUDED? | OPTIONS | COMPLETE |
|---|---------|----------|
| Visit by a specialist consultant for schools within our site survey area | | ✓ |
| Consultation via email or phone | ✓ | ✓ |
| 2D drawing from customers' own room plan and information | ✓ | ✓ |
| 3D images of complete room | ✓ | ✓ |
| Design based around standard items (e.g. instant library packs) that could be installed by the customer to save money | ✓ | |
| Design to include the full wish list with bespoke elements for installation by Incube fitters | | ✓ |

DIY DESIGN PACK

Have a smaller project or want to design your own solution? **CALL US ON 01889 271 523** to request a **DIY Design Pack**. A scaled grid and cut-out templates make it easy to work out the best layout.

CASE STUDIES

With our Design Service we provide a diverse range of schemes for libraries and classrooms in both primary and secondary schools as well as community libraries.

Our case studies highlight some innovative solutions and a few key features and benefits of an Incube designed space.

You can see lots more examples on our website: www.incube.ltd.uk/case-studies

EAST PARK ACADEMY

East Park Academy in Wolverhampton approached us for a library design back in June 2017.

We had stiff competition for this job but we met their brief with a fantastic design that ticked all of their boxes. Not only was our design the most inventive and suitable for the school's varied needs, it was also substantially less expensive than the other tenders.

Both teachers and pupils are delighted with their new 'wow factor' library.

ACADEMY PARTNERS

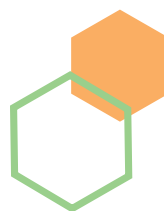

It could be said that East Park library was the start of a beautiful friendship as our relationship with the Manor Multi Academy Trust has blossomed since then. We are currently carrying out a rolling programme of refurbishments in all of the schools in the Trust, including installing a custom-built reception counter and bespoke storage with many more projects planned for the coming year.

Our work with academy trusts is about much more than just furniture. We help them create a distinctive, consistent look across their schools and provide innovative solutions that can be difficult to find 'off the peg'.

Get in touch and we can discuss any projects you have in the pipeline and show you how we can help you realise your vision.

Wall display pockets echo the school logo and allow favourite titles to be easily accessed.

Purpose-built Intervention area

Clutter-busting Classroom Storage

“ Having Incube’s wonderful products and designs revamping our library, class rooms and reception areas has been brilliant. They have provided perfect solutions and a personalised service and it has made such a difference to the feel of Manor Multi Academy Trust’s schools. ”

Anita Cliff O.B.E, Executive Headteacher,
Manor Multi Academy Trust

A custom wall graphic incorporates the school's logo, helping reinforce their brand and values. It also provided inspiration for the colour scheme used throughout the room.

Versatile Petal tables create a flexible workspace and can be used individually or grouped together as shown.

A reading corner with vibrant upholstered seating and books to hand provides the perfect location for storytelling.

Feature reading dens add an element of fun and provide a quiet space for an immersive reading experience.

GODMANCHESTER BRIDGE ACADEMY

We are always pleased when a customer's brief allows us to spread our creative wings. So it was when Godmanchester Bridge Academy outlined their requirement for a modern, highly individual and visually appealing space that would become the hub of the school.

Our design centres around a quirky, curving structure that makes a bold statement in this bright and modern school. The furniture creates zones, making sense of the larger space and allowing it to be used for a number of different purposes at the same time.

Child-friendly accessories and features make this somewhere that the children love to be, yet at the same time it is highly practical. We love this scheme, which perfectly suits the forward-thinking environment it was designed for!

Revolve seats are used to create a visual delineation between this reading corner and the thoroughfare.

By mixing up seating with circular tables, work spaces feel inviting and more exciting, which is great for the children.

IT desks provide a space where children can work on their computer skills.

The arcs of the main structure create a really unusual shape and provide a striking feature at the heart of this brand new school.

Archways create good sightlines to ensure unobtrusive supervision is maintained. They also allow light to bounce around and add interest for the children.

FREQUENTLY ASKED QUESTIONS

HOW DO I PLACE MY ORDER?

Please email or phone through your order along with an official purchase order number. **Please provide a contact name, telephone number and email address on correspondence, as order confirmations are sent by email and we may need to contact you with any queries.**

You can also check out our website at www.incube.ltd.uk where you can see our full product range, select products and email your order direct.

When ordering, state your chosen colours and sizes where appropriate. If you need advice on options prior to ordering, please call us and our friendly staff will be delighted to advise you.

CALL 01889 271 523

EMAIL info@incube.ltd.uk

ONLINE www.incube.ltd.uk

WHAT IF I CHANGE MY MIND?

Furniture and seating are made to order. Due to the large number of possible combinations of colour and size, we do not carry stock. This means that we can't accept changes and cancellations to orders for furniture and seating less than two weeks prior to despatch. Rugs and beanbags can be returned if in perfect and unused condition, but return carriage costs will be charged to the customer.

WHAT ARE YOUR PAYMENT TERMS?

All prices shown exclude VAT, which will be charged at the current rate at time of invoicing. Invoices are issued at time of despatch and payment is due within 30 days. Different payment terms may be applicable for organisations other than schools or local authorities. We accept payment by cheque or BACS only. Please note that we do not have facilities to take payment by credit card.

WHEN WILL I RECEIVE MY ITEMS?

Our standard delivery times are: **Beanbags & Rugs: 2-3 weeks** **Furniture & Seating: 4-6 Weeks**

However, these are approximate and may increase at busy times and as standard we do not deliver during the school holidays. If in doubt, please contact us to discuss delivery dates before placing your order.

We aim to deliver all items in perfect condition but if there are any damages, please notify us within 24 hours of receipt.

HOW DO I BOOK AN INSTALLATION DATE?

School holidays are very popular so book early to avoid disappointment!

Please call us to discuss a proposed date and then submit a formal order. We are unable to accept provisional bookings, and a booking will not be considered secure until a formal order has been received.

HOW WILL MY ORDER BE DELIVERED?

We offer three levels of delivery. As standard, kerbside delivery is included in the catalogue prices shown and is usually fine for most items. However, we are aware that with large shelving orders it is often not practical for a delivery driver to simply leave a pallet on the car park or roadside. We also offer van delivery or assembly and installation for schools who need a little extra help bringing their furniture indoors or even putting it together – but please be aware that there is an additional cost for these services.

WHAT ARE YOUR GUARANTEE PERIODS?

Most of our products are **guaranteed for 5 years** against reasonable wear and tear, with the following exceptions: Beanbags, rugs and operator's chairs – **12 months** Postura+ chairs – **20 years**

DELIVERY DETAILS

KERBSIDE DELIVERY

This is our standard service. Small items are delivered boxed and sent by courier. Where possible we try to assemble complicated items and send them on pallets. Large items may need two people to move. Shelving units are usually sent flat-packed on pallets.

IMPORTANT - please ensure that someone is available on site, as pallets are only delivered as close to the school as the driver is able to get the lorry. Drivers are not contracted to move pallets indoors, unwrap pallets, offload items or remove rubbish from site.

VAN DELIVERY

Orders are delivered by our driver, who will offload the items for you and carry them into the building. This service does not include assembly, unpacking or removal of rubbish.

ASSEMBLY AND INSTALLATION

Items are delivered, installed and assembled by our experienced fitters and all rubbish is removed from site. Our fitters will not remove existing furniture, fixtures and fittings prior to installation so it is essential that you clear the room and ensure that all preliminary works are completed.

COST

Free of charge for orders over £250 to most mainland UK addresses. For orders under £250, there is a £12 surcharge.

Additional charges may apply for deliveries to Scotland, Northern Ireland, Highlands, Islands and overseas – please call for details.

As standard, we do not deliver during school holidays.

Varies depending on geographical location and size of order – please contact us for a quotation. Not available for overseas deliveries.

Varies depending on geographical location and size of order. A price will be provided as part of the quotation for the design service but for large shelving orders we would also recommend contacting us for a quotation.

Prices are valid from 01.01.19 to 31.12.19 and are correct at time of going to print. Prices may be subject to change. E & OE

COLOUR SWATCHES

Choose your colours from the swatches below.

Please note that actual colours may differ slightly due to printing limitations. If in doubt, please call for a sample.
